WORK EXPERIENCE

Developer (Freelancing)
Phoenix Smart Tech

03/2022 - Present   *Ahmedabad, India*

I'm a freelancer at Phonix smart tech. I have developed 4 to 5 websites using the Django framework. I have gained many skills like customer communication, teamwork, etc... and also I deployed those websites in AWS, Azure and many more...

Web Team Member
LDCE ACM Chapter

11/2021 - Present

The mission is to achieve excellence at par in RISE (Research, Innovation, Startups, Entrepreneurship). We welcome every student to join this community and enrich themselves by learning from their seniors, alumni, and industrial experts.

SKILLS

Python   Django   HTML/CSS
Javascrpts/JQuery   ReactJS   Bootstrap   C/C++
MERN Stack   SQL

PERSONAL PROJECTS

Sparkcart:Ecommerce Website
- Created an E-commerce webapp using the Django framework. Complete login authentication by using email verification. It can also log in through Google/Facebook. After successful login, you can order anything and also add the payment integration of Razorpay and you can also see tracking of your order. You can also download the invoice pdf of the purchased item.

MoviesHub
- Created a simple Movies Searching website using public API to fetch the details of movies. In this project, I used Material Ui for frontend design. Here I fetch some amount of details like title, cast, trailer link, etc. It consists direct link to a youtube trailer.

EduTekBiz:A Personal Companion
- It's created using Django. It consists of complete login authentication with email verification. It consists of CRUD operation in Notes, Homework, and To-do lists. In this project, I fetch different API's of Youtube, Dictionary, Books, Wikipedia, and Translator.

CERTIFICATES

Python and Django Framework
Django is a Python framework that makes it easier to create websites using Python. Django takes care of the difficult stuff so that you can concentrate on building your web applications. Django also follows the MVT design pattern. This course is very helpful to me and I have ganied very lot of information.
